From
The President MC, Ceil Station
No. A 1-59/49 dated 9 2 49

~~Regarding approval to the Resolution~~
Forwarding the Resolution dated 27 1 49 of Municipal Commission Ceil Station approving the policy of permitting the import of Beef from outside the State

1) Since under the prevention of Cow Slaughter Act the importing of Beef for sale in the Ceil Station is considered not to be illegal, the Municipal Commission has passed the above Resolution

2) The following of cows imported Beef in the Ceil area frustrates the very object of the ~~Cow~~ prevention of Cow Slaughter Act, ~~though it may not at present~~ whether it constitutes, at present, technically an offence under the ~~Cow~~ Act or not. Further whatever may be the precautions taken such a policy of permitting the sale of imported Beef will afford scope for evasion of the law of this prohibition to be effective the law should be tightened further to make even the importing of Beef from outside an offence

3) The law steps may perhaps be considered — (The petition received from the Goresa Sabha is also put up)

5) The Municipal Commission, Bangalore, have resolved approving the policy of permitting the import of beef from outside the State for sale in the Civil Station on conditions laid down by the Health Officer Sec 3 of the Mysore Prevention of Cow Slaughter Act, 1948 provides "Notwithstanding any custom, or usage, or law to the contrary, no person shall slaughter or otherwise intentionally kill any cow in any place in Mysore, except when it is certified by a qualified veterinarian not below the rank of a veterinary inspector that the cow is affected with rabies " Sec 4 prohibits the export or sale for export of any cow with a view to its being slaughtered outside Mysore The Act appears to be silent about the import of beef from outside the Mysore State There appears to be therefore no legal bar under the Act for the import of beef The object of the Act is mainly to provide for the prevention of slaughter of cows, bulls, bullocks, buffaloes and calves in order to conserve the cattle wealth of the State Import of beef from outside the State may, however, give room for circumventing the law and encourage illegal slaughter near the border areas This is a matter, however, for decision on the Administrative side

Is there any legal way to stop sale of beef?

Dear Sir,

We the Marwari Community of Civil Station, Bangalore, are shocked at the decision of the Municipal Commission, Civil Station, Bangalore, who have given orders for the imported beef to be sold in the Beef Market of Civil Station, Bangalore.

REVENUE SECRETARIAT
5 MAR 1949
LAW BRANCH

We have no doubt that the decision of the Municipal Commission was moved and taken by a small interested section of the Council and the whole of Civil Station area detest and abhor the revival of beef eating in this area.

The Government who have prohibited slaughter of cows and use of beef by Laws before must have framed with some definite purpose and

hence

hence the revival of beef eating must not be encouraged.

With this as an initiative, it is possiblethe to-morrow toddy will be imported from a non-prohibited area into prohibited areas and this wil spoil the whole idea of "Ram-Raj

In fact Nehruji said during his last visit t Mysore that in Mysore State he was seeing the birt of "Ram-Raj". Are these the ideals of "Ram-Raj? If not, let us reach our destination i.e., "Ram-Ra

This is people's Government and the people's representatives ought to be more conscious of their duty to their constituencies rather than yielding themselves to the self-seeking individuals. They would be not only losing their confidence their electors placed in them but they will also be selling their proud conscience.

We pray the Government of His Highness the Maharaja of Mysore to be pleased to take such firm action as might be needed to promulgate an Ordinance strictly prohibiting the import of Beef into the

In reply to the above, I write to inform you that the import of beef from Madras to the Civil Station has not yet commenced It is however expected to commence some time this week The Government will be informed about the quantity of beef imported and also the price at which it is sold after the importing of the staff commences

2 Regarding the question of clandestine slaughter of cattle, surprise raids are being made on such of the places where illicit slaughtering and sale of beef was reported and the offenders prosecuted The staff of the Health Department have been instructed to keep a vigilent watch to detect such cases There is clandestine slaughter on some scale and all efforts are being made to prevent the same It is expected that with the import of beef this would stop

COUNCIL NOTE

Subject: Import ~~for sale~~ of beef from outside the State into the Civil Station, Bangalore.

The President, Municipal Commission, Civil Station, Bangalore, forwarded a resolution dated 27-1-49 of the Municipal Commission, approving of the policy of importing beef for sale into the Civil Station area from outside the State. As this was considered to afford scope for circumventing the Act promulgated with regard to the prevention of Cow slaughte in the State including the Civil Station area and thus encouraging Cow slaughter near the border areas, the Law Secretary was consulted in the matter. He has expressed the following opinion:-

"The Act appears to be silent about the import of beef from outside the Mysore State. There appears to be therefore no legal bar under the Act for the import of beef. The object of the Act is mainly to provide for the prevention of slaughter of cows, bulls, bullocks, buffaloes and calves in order to conserve the cattle wealth of the State. Import of beef from outside the State may, however, give room for circumventing the law and encourage illegal slaughter near the border areas. This is a matter, however, for decisi on the Administrative side."

When the file was submitted to the Minister for Cit Municipalities and Muzrai, he was pleased to minute as follows:-

"I learn that permission had been given before I approved of the resolution. By this the very object of Act i.e., The Mysore Prevention of Cow Slaughter Act will defeated.

It has been pointed out by the Law Secretary that there is no specific provision in the Act to prevent impo of beef. The defect could have been cured by means of a ordinance. Even now it can be done.

I have received several telegrams protesting the import of beef from Madras for its soldiers.

When we enacted this piece of legislation, the whole country applauded our action.

Council note may be prepared and distributed among the Ministers for the same being discussed at the next Cabinet meeting, in the Detail area."

On an enquiry the President, Municipal Commission, states that the import of beef from Madras to the Civil Station has not yet commenced and is expected to commence shortly. That the clandestine slaughter of cows on ~~small~~ large scale is going on and that efforts are being made to stop it.

The point for consideration in this file is whether an ordinance may be issued to prohibit the import and sale of beef in the State including the Civil Station area.

The Chief Minister who is in charge now having ordered the disposal of the question at the meeting of the Council, a Council note is put up.

11) The Act, as it presently is said to prevent the sale of imported Beef but despite representations from the Beef Butchers and particularly by the stall holders of the Beef Market premises, the Govt has not granted them permission to sell imported Beef but on the other hand intend to shut out such sellers in contemplating to take away the stalls from them and to reallot the stalls for other trades. This is said would prejudice the interest of Beef Butchers community and the Christian Religious persuasion the Depressed Classes. They therefore request orders be passed to permit the Beef Butchers community to sell imported Beef and to refrain passing restriction on the ground of public health as to nullify the effect of such permission, and to restore the stalls to the previous holders and also to direct Govt M.C. to refrain from all propositions and actions regarding reallotment of the stalls or its alterations for purposes other than Beef Selling.

Prohibiting the sale of imported Beef

12) The Govt of India in the meantime have forwarded a copy of letter from the Madras Govt for Central action to amend the prevention of Cow Slaughter Act so as to prohibit even the sale of Beef as in the Villages of Keppam Zamindari of Chittoor which the residents are claimed to be engaged in getting a number of useful Cows and selling slaughtered to sell the Beef in the K G I area which has caused widespread unrest in those Villages. The State Ministry also desire to be informed of the action taken in this behalf (on the A.G. Border)

13) In view of the ~~orders~~ instructions of the chief Minister in Council that the question of prohibiting the import of Beef may be seen for the present and the Centre in the Act and the Resolution dated 27 1 49 of the M C approving the policy of permitting the sale of imported Beef it may not perhaps be fair that the Beef Butchers of the out stations are forced out of their trade in compliance with their petition ~~to~~ refusing even the sale of imported Beef. It may therefore be necessary to request the President M C to restore the stalls to them and permit their selling imported Beef under strictly controlled conditions

14) Further action ~~[illegible]~~ ~~to be taken to reconsider the~~ question of amending the law so as to make it ~~an offence to import~~ the importing Beef also in spite of requests to be reconsidered in the light of the letter received from

I enclose for the information of the Government a copy of a resolution of the Municipal Commission dated the 27th January 1949, approving the policy of permitting the import of beef from outside the State for sale in the Station on the conditions laid down in the Health Officer's note, a copy of which is also enclosed Since there is no legal bar under the Mysore Prevention of Cow Slaughter Act, 1948, to the import of beef from outside the State, I see no objection to the course adopted by the Municipal Commission. It will be noticed from the copy of the note of the Health Officer that safeguards are provided to see that the beef carcasses are actually imported from outside the State and they are subject for examination here before the beef is sold Measures for preventing clandestine slaughter of cattle locally will also be intensified

Yours faithfully,

President, M. C.

Municipal Commission's resolution dated the 27th January 1949. (ordinary Meeting).

---

31 (a) Consideration of the question of renting out the Beef Market Stalls (lying vacant) for sale of articles other than beef

(b) Application of Janab B Iqbal Ahmed, for allotment of 10 stalls in the Beef Market and importing beef

(c) Joint petition dated the 23rd December 1943, from the Beef Butcher community for importing beef and selling in the stalls previously occupied by them.

The Standing Committee is not in favour of giving monopoly of importing beef to one or more individuals The question of old butchers in the trade being permitted to import beef may be considered The Health Officer to put up conditions for permitting this to be placed before the Municipal Commission.

The President observed that legally there was no bar for sale of beef in the Station The question had been placed before the Municipal Commission to decide on the policy which the Commission desired to follow in this connection If the Commission approved of the principle, the conditions stipulated by the Health Officer in his note dated the 21st January 1949 would have to be strictly enforced.

The Municipal Commission discussed the matter in all its aspects after the Health Officer had explained the conditions he had proposed in his note He stated that if the Municipal Commission approved generally of the policy of importing beef from outside for sale in the Station, the conditions he had proposed were absolutely essential to safeguard public health

With regard to illicit slaughtering of cattle going on at present, the President stated that in his capacity as District Magistrate, he was intensifying measures to prevent illicit slaughter of cattle. He also added that the idea was not to give monopoly to any particular groups or individuals, but to permit those who would be capable of complying with the conditions laid down satisfactorily.

The Municipal Commission then resolved that the policy of issuing permits for import of beef from outside the State for sale in the Station on the conditions laid down in the Health Officer's note referred to above be approved.

Resolved also that in allotting stalls, the claims of the verdors who were in occupation of the stalls before the Beef Market was closed should be given preference and fresh applications be considered for the stalls, which were vacant before.

Subject - Conditions to be enforced on the import of beef of animals slaughtered outside the State, into the Civil Station, Bangalore

---

In continuation of my note No H D 49/51 dated the 3th January 1949, I am forwarding herewith the following conditions that may have to be enforced on the import of beef of animals slaughtered outside the State into the Civil Station, Bangalore, for the purpose of sale in our local beef market

1 The beef carcasses must bear the seal of the Municipality

P T O

where such animals were slaughtered accompanied with a certificate from the Veterinary Inspector of that place specifying the date, time of slaughter and the number slaughtered, and as to the fitness of the beef for human consumption.

2 All beef imported must be brought at a fixed time to the beef market where it will be examined by the Veterinary Inspector of the Civil Station Municipality as to its fitness for human consumption and affixed with the Civil Station Municipal seal if found fit for consumption or otherwise destroyed

3 Every precaution must be observed by the importer regarding the transport of beef to see that it does not become stale due to improper ventilation during such transport and it is protected from dust and flies

4. Any beef found without the seals of both the Municipalities i.e , the place of origin and the place of arrival (Civil Station) for sale, will be considered as illegal and unauthorised and liable to seizure and destruction, at the risk of the importer

5 No beef shall be permitted to be exposed either for sale or to be supplied to urgent orders under any circumstances unless it is examined by the Veterinary Inspector and certified as fit for human consumption and affixed with the Municipal seal, of the Civil Station Municipality

6 Persons who are deputed for handling the beef must be got examined by the employer (Importer) and a certificate of fitness obtained to see that they are free from all contagious diseases They should see that their clothing are kept clean while they are at work

THE MINISTER FOR CITY MUNICIPALITIES AND BAZAAR
No. T 835
Date 8/2/1949

From

The Secretary,

Goseva Sangha, Asoka Road, Mysore.

To

Sriyut Pamidi Subbarama Setty,

Minister for Bazaars and Major Municipalities,

Government of Mysore, Bangalore.

Respected Sir,

We, the members of the Goseva Sangha, Asoka Road, Mysore, beg to bring to your kind consideration, and favourable orders, the following representations,-

In order to presefve the cattle wealth and to improve the Economic and Social, life conditions of the people of the Mysore State, the Government of H H the Maharaja of Mysore, were pleased to introduce the " Mysore Prevention of Cow Slaughter Act of 1948" with effect from 24-7-1948 Since then, we are glad to say, that the public are getting adequate supply of milk and its products, and the Ryots are also helped to a considerable extent in Agricultural matters.

Very recently, we are given to understand that the Municipal Commissioner, Bangalore Civil Area, Bangalore , has recommended to the Government of Mysore, for according permission to the Contractors of the Beef Market, to import Beef from outside the State to the Bangalore Civil Area and sell the same in the market This fact has been appeared in the Local News papers also recently (January 49) We are very sorry to hear this bad news, particularly at a time, when the Govt , have introduced the Mysore Prevention of Cow Slaughter Act, 1948, very recently By according permission to the Beef Contractors of the Bangalore Civil Area to import the Beef from outside the State and sell the same ~~xxxx~~ there, we are afraid, that the very object of the above Act will not be achieved and the people and the Ryots will be put to a lot of meseries and

troubles, and the cattle wealth of the State will ~~be~~ also be deteriorated

On the otherhand, it will encourage the illegal slaughter of cows on a large scale outside the State, near the Boarder Areas and import the beef to the State It will also give room for the slaughter of cows inside the State in private houses, in contravention to the Act It is therefore highly desirable that such bad thing should be put an end to immediately

We therefore most respectfully pray, that in the best interes of nearly 75 lakhs of people of the State, and to preserve the cattle wealth in the interest of the Ryots etc ,permission may not be accorded to the recommendation of the Municipal Commissioner of the Bangalore Civil Area,Bangalore to import Beef from outside the State and sell the same in any part of the State We pray that immediate action may kindly be ta in the matter to check the evil

We shall be highly obliged for favour of an endorsement in the matter

For which Act of your kindness, we shall be grateful to you

We are greatly annoyed and distressed to hear the recent decision arrived at by the Municipal Commission, Civil Station Bangalore, to allow imported beef to be sold in the Civil Station Beef Market. We all rejoiced when we heard of the wise step that our Government of Mysore took in bringing the of Prohibition of Cow Slaughter in this State, but we are too sad only confronted with the sorrowful news. We are sure that Government which brought this measure into force cannot tolerate these back door methods to defeat the objective of the Government and will counteract it by special powers vested in them to put an end to anomaly. We of this locality unreservedly wholeheartedly oppose this decision of the Municipal Commission and pray to Government of Mysore to take a firm action in this behalf without delay.

Sir,

Re. Cow Slaughter in Civil Station

I beg to state that in the last Municipal Meeting held in the Civil Station, Bangalore, a resolution seems to have passed to allow to sell Beef in the Station limits though not cow slaughter is done.

The public of this Station is quite against the passing of the above resolution and I therefore request you to kindly exert your utmost in the Commission to cancel the above resolution and prevent sale of Beef within Station limits, otherwise the spirit of the Cow Slaughter Act will be defeated.

Your action in this behalf to be taken may kindly be intimated to me for satisfying the public.

Dear Sir,

We the Marwari Community of Civil Station, Bangalore, are shocked at the decision of the Municipal Commission, Civil Station, Bangalore, who have given orders for the imported beef to be sold in the Beef Market of Civil Station, Bangalore.

We have no doubt that the decision of the Municipal Commission was moved and taken by a small interested section of the Council and the whole of Civil Station area detest and abhor the revival of beef eating in this area.

The Government who have prohibited slaughter of cows and use of beef by Laws before must have framed with some definite purpose and

hence the revival of beef eating must not be encouraged.

With this as an initiative, it is possiblethat to-morrow toddy will be imported from a non-prohibited area into prohibited areas and this will spoil the whole idea of "Ram-Ra;

In fact Nehruji said during his last visit to Mysore that in Mysore State he was seeing the birth of "Ram-Raj' Are these the ideals of "Ram-Raj? If not, let us reach our destination i.e., "Ram-Raj".

This is people's Government and the people's representatives ought to be more conscious of their duty to their constituencies rather than yielding themselves to the self-seeking individuals. They would be not only losing their confidence their electors placed in them but they will also be selling their proud conscience.

We pray the Government of His Highness the Maharaja of Mysore to be pleased to take such firm action as might be needed to promulgate an Ordinance strictly prohibiting the import of Beef into the

We the residents of this locality are greatly surprised and too deeply annoyed at the decision of the Municipal Commission, Civil Station, Bangalore, to allow imported beef to be sold in the beef market of the Civil Station.

We can doubtlessly affirm that the decision of the Municipal Commission was adopted ~~xxxxxx~~ and moved by a very small interested section of the council and the whole of Civil Area detest and abhor the revival of beef eating in this area.

Perhaps the council took shelter in taking advantage of some loop hole in the act to bring about this ~~xxx~~ wile move But the Government who have framed this act know better defeat this well before they adopt it.

Tomorrow Toddy may be allowed to be imported from a non-prohibited area to the prohibited area and anything may be covered up by anything. People's representatives ought to be more conscious of their duty to their constituents intead of yielding themselves to the few self seeking individuals They would be not only losing their faith in their constituents but also they will be selling their proud conscience

We pray to Government of Mysore to take firm action in promulgating such ordinance or use of vested powers in them to end these out growth of evils in the midst of growing good of the land.

MEMORIAL TO GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE

We the residents of this locality are greatly surprised and too deeply annoyed at the decision of the Municipal Commission, Civil Station, Bangalore, to allow imported beef to be sold in the beef market of the Civil Station.

It was not proper for the Commission to take advantage of some loop hole in the Act provided for prohibition of Cow slaughter. And we have no doubt that the Government who have framed this Act know better to defeat this wile step of the Municipal Commission in this behalf. It can also be applied in the case of Toddy being imported from non-prohibited area to the prohibited area.

We anticipate our representatives to do devote their time and attention to greater projects instead of ~~xxxxxxx~~ serving some individual interests of some interested sections of the ~~xxxxx~~ people.

We pray to Government to take firm action in promulgating such ordinance or use of vested powers in them to end these out growth of evils in the midst of growing good of the land.

Sir,

With due deference and profound respects the following grievances of more than three thousand souls are humbly submitted for your esteemed perusal and benign redressal

NATURE IS BOUNTEOUS, AND THE SOLE PROVIDENT FOR HER CREATURE THE GOVERNMENT OF ANY COMPANY IS THE SOLE SUPPOR AND PROVIDENT NEXT TO GOD

The Ban on Cow Slaughter in our Station has rendered us extremely helpless Many innocent children, widows, old and feeble men are exposed to the pangs of hunger and starvation

Among us there were wholesale dealers who used to get cattle for slaughter from abroad The hides were sold by us and the tanners had to buy them, the meat of the animals was bought by other group and slaughter after paying the stipulated fee, cleaned by other group. The offals were bought by a fourth group and sold to the public The next morning the carcasses were brought at the Beef stalls where the vendors had to buy

The Ban on Cow Slaughter has deprived the tanners, their subordinates, and servants of their work The butchers among whom are about 6 groups of workers are rendered workless and penniless who are in crisis lingering between life and death Including tanners more than 3,000 men are baffled of their profession IT IS WORTH CONSIDERATION THAT THE PREVENTION OF SLAUGHTER HAS THRUST THOUSANDS IN UNBEARABLE DIFFICULTIES The authorities here have permitted import of beef from Madras which

involves heavy expenses but has put up only a few stall holders into trade The rest of the aboute mentioned groups of the workers and traders are vithout any profession and work

WE ARE ALIVE WITHOUT LIFE WE HAVE TONGUE BUT NO WORDS TO INTERPRET THE HEARTRENDING STAGES OF OUR HARD LIFE THAT WE ARE PASSING THROUGH THE LAST NINE MONTHS HAVE BEEN UPON US BUT THE AGONIES OF DEATH

Sir,

With due deference and profound respects the following grievances of more than three thousand souls are humbly submitted for your esteemed perusal and benign redressal.

NATURE IS BOUNTIOUS AND THE SOLE PROVIDENT FOR HER CREATURES. THE GOVERNMENT OF ANY COUNTRY IS THE SOLE SUPPORT AND PROVIDENT NEXT TO GOD.

The Ban on Cow Slaughter in our Station has rendered us extremely helpless. Many innocent children, widows, old and feeble men are exposed to the pangs of hunger and starvation.

Among us there were wholesale dealers who used to get cattle for slaughter from abroad. The hides were sold by us and the tanners had to buy them, the meat of the animals was bought by other group and slaughter after paying the stipulated fee, cleaned by other group. The offals were bought by a fourth group and sold to the public. The next morning the carcasses were brought at the Beef Stalls where the vendors had to buy.

The Ban on Cow Slaughter has deprived the tanner, their subordinates, and servants of their work. The butchers among who are about 6 groups of workers are rendered workless and penniless who are in crisis lingering between life and death. Including tanners more than 3,000 men are baffled of their profession. IT IS WORTH CONSIDERATION THAT THE PREVENTION OF SLAUGHTER HAS LEFT THOUSANDS IN UNBEARABLE DIFFICULTIES. The authorities here have permitted import of beef from Madras which

involves heavy expenses but has put up only a few stall-holders into trade. The rest of the abouve mentioned groups of the workers and traders are without any profession and work.

WE ARE ALIVE WITHOUT LIFE WE HAVE TONGUE BUT NO WORDS TO INTERPRET THE HEARTRENDING STAGES OF OUR HARD LIFE THAT WE ARE PASSING THROUGH. THE LAST NINE MONTHS HAVE BEEN UPON US BUT THE AGONIES OF DEATH.

The only resources of income for us was the beef trade and nothing else. The business known to us is only beef vending. It is humbly prayed that in the eyes of justice our application be magnanimously treated, our unbearable difficulties simplified, relief be granted to us by granting us order to slaughter cattle at our Station. WE ARE COMPELLED TO LIE AN UNNATURAL AND UNTIMELY DEATH.

Concluding our sublime petition we pray that we be granted a benevolent order to slaughter cattle at the Station.

Municipal Commission's resolution dated the 27th January 1949 (Ordinary Meeting).

31 (a) Consideration of the question of renting out the Beef Market stalls (lying vacant) for sale of articles other than beef

(b) Application of Janab B Iqbal Ahmed, for allotment of 10 stalls in the Beef Market and importing beef

(c) Joint petition dated the 23rd December 1948, from the Beef Butcher community for importing beef and selling in the stalls previously occupied by them

The Standing Committee is not in favour of giving monopoly of importing beef to one or more individuals The question of old butchers in the trade being permitted to import beef may be considered The Health Officer to put up conditions for permitting this to be placed before the Municipal Commission

The President observed that legally there was no bar for sale of beef in the Station The question had been placed before the Municipal Commission to decide on the policy which the Commission desired to follow in this connection If the Commission approved of the principle, the conditions stipulated by the Health Officer in his note dated the 21st January 1949 would have to be strictly enforced.

The Municipal Commission discussed the matter in all its aspects after the Health Officer had explained the conditions he had proposed in his note. He stated that if the Municipal Commission approved generally of the policy of importing beef from outside for sale in the Station, the conditions he had proposed were absolutely essential to safeguard public health

With regard to illicit slaughtering of cattle going on at present, the President stated that in his capacity as District Magistrate, he was intensifying measures to prevent illicit slaughter of cattle He also added that the idea was not to give monopoly to any particular groups or individuals, but to permit those who would be capable of complying with the conditions laid down satisfactorily

The Municipal Commission then resolved that the policy of issuing permits for import of beef from outside the State for sale in the Station on the conditions laid down in the Health Officers' note referred to above be approved

Resolved also that in allotting stalls, the claims of the vendors who were in occupation of the stalls before the beef market was closed should be given preference and fresh applications be considered for the stalls, which were vacant before.

Letter No A 1-59/49 dated the 9th February 1949, from the President, Municipal Commission, Civil Station, Bangalore, to the Secretary to the Government of His Highness the Maharaja of Mysore, General Department, Bangalore.

Subject - Import of Beef

I enclose for the information of the Government a copy of a resolution of the Municipal Commission dated the 27th January 1949, approving the policy of permitting the import of beef

from outside the State for sale in the Station on the conditions laid down in the Health Officer's note, a copy of which is also enclosed Since there is no legal bar under the Mysore Prevention of Cow Slaughter Act, 1948, to the import of beef from outside the State, I see no objection to the course adopted by the Municipal Commission It will be noticed from a copy of the note that safeguards are provided to see that the beef carcasses are actually imported from outside the State and they are subject for examination here before the beef is sold Measures for preventing clandestine slaughter of cattle locally will also be intensified

---

Health Officer's note No H.D./49/51 dated the 21st January 1949

President

Subject - Conditions to be enforced on the import of beef of animals slaughtered outside the State into the Civil Station, Bangalore.

In continuation of my note No H D 49/51 dated the 8th January 1949, I am forwarding herewith the following conditions that may have to be enforced on the import of beef of animals slaughtered outside the State into the Civil Station, Bangalore, for the purpose of sale in our local beef market.-

1) The beef carcasses must bear the seal of the Municipality where such animals were slaughtered accompanied with a certificate from the Veterinary Inspector of that place specifying the date, time of slaughter and the number slaughtered, and as to the fitness of the beef for human consumption

2) All beef imported must be brought at a fixed time to the beef market where it will be examined by the Veterinary Inspector of the Civil Station Municipality as to its fitness for human consumption and affixed with the Civil Station Municipal seal if found fit for consumption, or otherwise destroyed.

3) Every precaution must be observed by the importer regarding the transport of beef to see that it does not become stale due to improper ventilation during such transport and it is protected from dust and flies

4) Any beef found without the seals of both the Municipalities i.e the place of origin and the place of arrival (Civil Station) for sale, will be considered as illegal and unauthorised and liable to seizure and destruction, at the risk of the importer

5) No beef shall be permitted to be exposed either for sale or to be supplied to urgent orders under any circumstances unless it is examined by the Veterinary Inspector and certified as fit for human consumption and affixed with the Municipal seal, of the Civil Station Municipality

6) Persons who are deputed for handling the beef must be got examined by the employer (Importer) and a certificate of fitness obtained to see that they are free from all contagious diseases They should see that their clothing are kept clean while they are at work

Dear Sir,

I beg to submit the following to your kind and sympathetic consideration and necessary action -

India is primarily an Agricultureal Country its Cattle Wealth forms the main stay of its economic wealth Realising this from time immemorial, Cattle were anxiously protected and especially, in Northern Indian Native States of Jaipur, Joshpur, Bikaner, Udaipur and other hundreds of Native States where people of all communities live, Cow slaughter was prevented by Legislation since thousands of years and this was accepted by Mohamedan Emperors in India and allowed to continue, and also the British Emperors in India accepted them and allowed the Legislation to continue undisturbed

It is very happy to find now that our Beloved Maharaja and his Popular Ministry have graciously been pleased to enact "the Prevention of Cow Slaughter Act 1948" with a view to improve the Cattle wealth of the State facilitating easy and abundant supply of Milk and its products to the 75 lacs of State Citizens and aid the Ryots in their Agricultural Operations

It is rather greatly disappointing to find that the good intention of the Legislators and usefulness of the act be tried to be defeated by the Bangalore Cantn Municipal Council Resolution permitting the import and sale of Beef in Bangalore Market from outside the state this will certainly afford, nay, afforded, the greedy Beef Contractors to resort to illegal slaughter of State Cows on a large scale near the

borde-

border areas and increase the stealthily killing of Cows even in private Butchers' Houses and sell the same in open Market, under the false cover of imported Beef. Lacs of State Citizens are grieved over this sorry state of affair which evil practice is not prevailing in any part of India where Cow slaughter is prohibited.

In view of the above circumstances it is most respectfully prayed that you may be pleased to see that the Government do not accord permission for the Resolution permitting import and sale of Beef from outside the State in Bangalore Market, thus lessening the chances of the evil spreading to other Municipalities in the State, virtually ~~totally~~ nullifying the Act.

This kind act of yours shall not only safeguard the State Cattle Wealth but also enhance the prestige of the State amongst the States of India.

Thanking you in anticipation.

I beg to submit the following to your ~~kind and sympathetic~~ consideration and necessary action:-

India is renowned in the World as "Punyabhumi", or "Aryavartha" and is the birth place of Great Religious Teachers such as Sri Jain Thirthankars, Sri Rama, Sri Krishana, Sri Buddha etc , who illumined the country with Dharma Tatwas and preached the public to look upon and worship cow as diety

India is primarly an agricultural country Its cattle wealth forms the main stay of economic well being It was a strong belief that it is inhuman and unfair to slaughter cows on whose milk the man is nourished and so, the question of cow slaughter in ancient times was in vogue Realsing this from time immemorial cattle were anxiously protected expecially in Northern Indian Native States of Jaipur, Jodhpur, Bikneer, Udaipur and hundred other native states where people of all community live cow slaughter was prevented by legislation from thousands of years and this was accepted by the Mohammedan Emperors in India and was allowed to continue Even the British Emperors in India accepted and permitted the legislation to continue undisturbed Akbar and other Moghul Emperors expressed unequivocally and advised their subjects throughout India not to slaughter cows.

It is very happy to find that the Maharaja of Mysore and his popular Ministry now respecting the repeated demands of his subjects for the past nearly 25 years, have graciously been pleased to enact the Mysore Prevention of Cow slaughter Act, 1948, with a view to improve the cattle wealth of the state facilitating easy and abudent supply of milk and its products to nearly 75 lakhs of state citizens and aid the Ryots in their agricultural operation It is the good luck of the state subjects

It is rather greatly disappointing to find that the good intentions of the Legislators and the usefulness of the Act be tried to be defeated by bringing in of beef from the boarder areas of Madras Presidency by the greedy and unscrupelous beef contractors and butchers, who under the false guise of imported beef are stealthily slaughtering in the State premises a large number of cattle, useful useless, and stolen ones and mostly useful are being slaughtered as their flesh fetch them fanciful prices In order to stop such activities and to improve the cattle wealth, it is but essential to prohibit export ofbeef from Madras Presidency into Mysore State premises where cow slaughter is prevented by legislation Creation of such a state of affairs is necessary to make the public respect and properly adhere to the Country(s legislation

In view of the above circumstances, it is requested that you may be pleased to issue orders prohibiting the export of beef from Madras Presidency into Mysore State and thus help the beneficial enforcement of the Legislation brought with the intention of uplifting the general economic condition of the public and safe guard the State cattle Wealth

CHIEF SECRETARY GOVT OF MYSORE 7 MAY 1949

Date

SIR,

From the columns in 'Tai Nadu' dated 30th April 49, we learn that the Bangalore Civil Station Municipality has permitted the import of beef into the mutton market area of Bangalore.

It is believed that the Municipal authorities are quite aware of the fact of the existance of the Legislature, in Mysore, prohibiting the cow slaughter in the Mysore State. When such is the case if the import of beef is permitted, it gives room for mischief being done in disguise, and this desease of back door work may spread through out the State and is likely to set at not indirectly, the objects of the Legislature prohibiting cow slaughter ~~Hence~~ It is very necessary in the welfare of the cattle wealth being preserved which are so essential for the human progress and for agriculture.

Seeing at the fundamental principal of the Law in force, it is hoped that the Bangalore Civil Station Municipality will be kindly directed not to give permission for such import or sale of beef and all permissions given till now to be cancelled immediately.

The Government is requested to take all possible needful steps

P T.O.

to enforce the Law and to prohibit the import or sale of beef in the Mysore State.

A line in reply will be highly obliged.

Thanking you,

Yours Faithfully,

The humble Petition of the Beef Butchers ~~Community~~ of the Civil Station of Bangalore

Sir,

We beg to state as follows:-

1 Ever since the enforcement of the Mysore Prevention of Cow Slaughter Act 1948 in the Civil Station of Bangalore the Beef Market Premises of the Station has been closed, and the members of the Community numbering about 3000 and non-muslim labourers about 400 have been suffering untold misery and starvation A very large number of the members of the Community have been selling away their moveable and immoveable properties and are doing certain other trades not habituated or congenial to their taste and experience. They have been suffering thereby.

2 Several representations have been made by this Community as well as the State Catholic Union and the Bangalore Rate Payers Association to the Government to so amend the present law prohibiting the Cow Slaughter which has unfairly and inequitably and contrary to the policy of the Indian National Congress and the Government of India kept out a very large section of the citizens of this State from their occupation which they were exercising from generations to generations and from times immemorial and deprived millions of people from using the food which was substantial and cheap and to which they were habituated intensely

General Secretary. Submit a brief note explaining the present position to the Hon'ble the Chief Minister with connected papers

26/8/49

SECRETARIAT TO GOVT OF MYSORE
No
Date 29/8
FINANCE DEPARTMENTS

The file is placed below for the information of the chief secretary that the matter may be for the present dealt with the deposited records with the other papers on the file.

3 The proceedings of the Constituent Assembly reported in the Hindu of 25th November 1948 Page 7 Column 3 clearly show that the Bombay Act regarding the prohibition of Cow Slaughter was not repugnant to or incompatible with the Article of constitution passed by the Constituent Assembly under the said proceedings The words "Prohibiting the Cows and other useful cattle, specially milch and draught cattle and the young stock " clearly show that the Article does not intend the banning of Cow Slaughter totally, as was suggested to be done by Seth Govindas' following amendment which was rightly rejected by the House "That the Cow Slaughter should be totally banned and that the word Cow " should include bulls, bullocks, and young stock of genus cow" So the citiz of Bangalore and particularly the Muslims, Christians, and Parsees of the State will be satisfied, a great grievance of their will be removed, millions of people of this Station will be relieved of privation and hardships, and the industry and commerce will be saved of the set back received by the aforesaid legislation in case the present Act on the subject is at least amended on the lines of the Bombay Act regarding the Cow Slaughter, which has restricted the prohibition to only useful, milch and draught cows and cattle, and not to cows, bullocks etc beyond a certain age, and which has also exempted the slaughter of certain cattle on religious occasions

4. The members of the Government and the Dewan have still an open mind on the subject and have promised the various deputations on the subject that they would bestow their due consideration thereto and do what best they could Several Memorials and Memoranda and representations made in this connection are still pending the disposal of the Government of His Highness the Maharaja of Mysore

5 Under the present law there is no prohibition, however, for importing beef and selling it in the Station But despite representations and requests by the members of the Beef Butchers Community and particularly by the Stall Holders of the Beef Market Premises, the Commission has not granted the permission, necessary under the Bye-laws of the Commission, to sell such imported beef in the Station On the other hand, in order to shut out even such selling of beef of cattle not slaughtered in the Mysore State the Commission is contemplating to take away the beef stalls from the present holders thereof, and to re-allot them to others and for different trades. This has very much agitated the minds of the members of the Community as well as of those lakhs of people who are accustomed to eating beef. Representations were also made by this Community to the Municipal Executive Authorities concerned to grant them permission to sell the imported beef in these stalls during the last Christmas Season, because they hoped that they would be able to be relieved of their financial troubles by earning a little at least during that period when naturally there was great need, demand, and desire for beef among the Christians and the Muslims public. Even this request was not given any due consideration by the President and the Health Officer of the Station We apprehend that the Municipal Authorities will unfairly put in impediments in the way of the Community importing and selling beef in the Station, in order that the Community might be forced to give up their traditional profession and that the Muslims and Christians might never dream of agai of securing and eating beef in this Station As a first step towards that direction the members of the Beef Butchers Community were suggested by the Authorities to adopt selling mutton in their present beef stalls with the threat indirectly made that if they did not do so their stalls would be given away to others for other trades There is also a rumour that a portion of these stalls would be given to Sikhs or Hindus for selling

selling mutton which if effectuated ~~will~~ may lead to very ~~[illegible]~~ unpleasa consequences. ~~[illegible]~~

6. We learn that the proposition by the Health Officer of the Municipal Commission to re-allot the present Beef Market Premises for other trades than beef selling and to others than the members of the Beef Butchers Community and to make necessary changes in the construction of the Market for that purpose is to be taken up for consideration by the Standing Committee of the Station Municipality some day early next week, probably on Tuesday the 18th instant This will greatly prejudice the interest of the Beef Butchers Community and the Christians, Muslims, Parsees and the Depressed Classes public.

Therefore, we humbly pray that the Government of His Highness the Maharaja of Mysore will be pleased.-

(1) To pass necessary orders directing the President, Municip Commission, Civil Station, Bangalore, to grant immediately permiss to the Beef Butchers Community to sell beef (of the cattle not slaughtered in the Station) in the present Beef Market at Broadway Road, and to refrain from putting such restrictions, in the name of "public health", as to practically nullify the effect of such permission.

(2) To direct the President, Municipal Commission, Civil Station, Bangalore, to restore possession of the said stalls in the present state to those members of the Beef Butchers Community only who were holding the respective stalls just prior to the enforcement of the Mysore Prevention of Cow Slaughter Act, 1948.

(3) As an emergent measure, to direct the President, Municipal Commission, Civil Station, Bangalore, that pending the final disposal of the Government in respect of several representations made before them against the present laws on the prohibition of Cow Slaughter or until further orders of the Government, all propositions or actions regarding the re-allotment of the present Beef Market Premises for trades other than beef selling and to persons other than the members of the Beef Butchers Community and the making of ~~to make~~ any changes in the construction of the present Beef Market Premises for the

for purposes other than beef selling be stayed

For which act of kindness and justice the members of the Beef Butchers Community, particularly the present Stall Holders of the Beef Market, will ever be grateful to the Government of His Highness the Maharaja of Mysore and will pray for the prosperity of the State

We beg to remain,

Sir,

Yours faithfully,
